

Nikolay Iosifovich Zarovnyae (1923-1995)

My great-grandfather was called up in 1943 when he was 20 years old. Nicolay Iosifovich served in 124 rifle regiment during the liberation of the coast of the Caspian Sea. During the battle he was wounded in the leg. After recovery he participated in the liberation of Poland and the battle for Germany.

After the war he met Maria Alekseevna Plotnikova, with whom he lived 47 years in a happy marriage.
